CY4GATE HAS BEEN AWARDED A CONTRACT FOR SOLUTIONS IN THE DECISION INTELLIGENCE FIELD FOR PRIMARY FOREIGN INSTITUTIONAL CLIENT, WITH A TOTAL VALUE OF APPROXIMATELY € 1.3 MILLION AND FOR A DURATION OF 3 YEARS

Rome, 16 December 2024 - **CY4GATE (CY4.MI)**, a national and European player in cyber security and cyber intelligence, has signed a contract for a total value of approximately € 1.3 million for a duration of 3 years with a primary foreign institutional client for the acquisition of technologies in the Decision Intelligence field.

The contract acquired concerns the supply of advanced technological solutions developed by CY4GATE in the Decision Intelligence sector, a segment in which the Group continues to consolidate its leadership position. This sector is rapidly evolving to meet the growing demand for increasingly rapid, accurate and informed decision-making processes, in a global context characterized by increasing complexity and interconnections. The ability to aggregate, analyze and transform heterogeneous data into strategic insights is today an essential element for the success of institutions, companies and government organizations.

This new contract confirms the market's trust in the innovative technologies offered by CY4GATE and in the strategic value of the proprietary technology.

The Decision Intelligence sector is undergoing a phase of profound transformation, driven by the increasingly widespread integration of artificial intelligence and machine learning, which make it possible to automate and optimize decisions in real time. At the same time, the need for interoperable, secure solutions that comply with the highest regulatory standards in terms of data protection is increasing. CY4GATE, with its modular and scalable approach, is able to effectively respond to these needs, offering technologies that adapt to the specific needs of customers, both in local and global contexts.

Emanuele Galtieri, CEO and General Manager of Cy4Gate Group, stated: *"We are proud to be protagonists of this evolution, aware that the future of Decision Intelligence is based on innovation, responsibility and the ability to offer actionable insights that transform data into competitive advantages. These new contracts represent not only a commercial success, but also an important step towards the realization of our vision of an increasingly integrated, secure decision-making ecosystem oriented to the concrete needs of our customers".*
