ANIMA Holding: net inflows April 2025

- **Net inflows into managed assets (net of Class I insurance mandates): € -147 million**
- **Total assets under management: € 201.7 billion (202.7 billion including administered assets)**

"In the first four months of the year alone, retail inflows have significantly exceeded one billion euro, accelerating compared to the already strong performance of 2024; institutional portfolios and fund mandates—assets with a lower profitability for our Group—have seen limited outflows so far" - commented Alessandro Melzi d'Eril, CEO of ANIMA Holding - "The qualitative improvement of our assets under management continues, underpinning the upward trend in the revenue-to-average-assets ratio observed in recent years, despite the market turbulence of the past two months"
