- The Board of Directors suggested the distribution of a **dividend** of **€0.16 per share** (+14% compared to the previous year) for a maximum of €3.8 million, drawing on the extraordinary reserve.

Verdellino (Bergamo, Italy), 12 March 2026 - The Board of Directors of Fine Foods & Pharmaceuticals N.T.M. S.p.A. - an Italian independent Contract Services Development & Manufacturing Organization (CSDMO) specialising in the contract development and manufacturing of products for the nutraceutical, pharmaceutical, and cosmetics industries, with a customer-centric, service-oriented philosophy, listed on Euronext STAR Milan (ticker: FF) today approved the **Fine Foods Draft Financial Statements and the Group's Consolidated Financial Statements as of 31 December 2025**.

The 31 December 2025 Consolidated Financial Statements have been prepared under the International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and the interpretations of the IFRS Interpretations Committee (IFRSIC) and the Standing Interpretations Committee (SIC), recognised in the European Union under (EC) Regulation no. 1606/2002 and effective at the end of the financial year. The Statements are subject to audit.

In 2025, **consolidated revenue** was **€252.1 million**, up **3.4%** compared to €243.8 million in 2024.

Fine Foods & Pharmaceuticals N.T.M. S.p.A. Managing Director Pietro Oriani said: *"The 2025 financial year ended confirming our strong growth trajectory. The year saw the completion and commissioning of the expanded Brembate site for pharmaceutical production, although it has not yet reached full capacity. Additionally, the Cosmetics Business Unit was further consolidated and plays an active role in driving the Group's growth. Although the weight-control nutraceutical market is being redefined and monitored, our long-term outlook for Nutra BU remains strong and optimistic. Following our diversification strategy, we plan*

to keep investing in technology and increase its production capacity. We will develop new pharmaceutical forms to quickly adapt to shifts in global demand. The resilience shown in 2025, along with past and planned investments, positions Fine Foods Group to confidently turn market challenges into growth opportunities and support our medium- and long-term development."

When looking at the three business areas, we notice that the **Pharma Business Unit** continued to grow, ending 2025 with **€85.2 million** in revenue (33.8% of the total) which represents a **12.4% increase** from €75.8 million in 2024. This performance compensates for the **Nutra Business Unit**, which made up 54% of total revenue equal to **€136.1 million** and has slightly declined by 4.3% from €142.2 million in 2024, due to the well-known reference market changes. Contributing 12.2% of total revenue, the **Cosmetics Business Unit**, **grew 19.4% to €30.8 million** in 2025 from €25.8 million in 2024.

Fine Foods' **strategy** continues to rest on diversification across three business areas. As these areas become increasingly integrated and complementary, for example with the convergence between cosmetics and supplements, the model supports the top line while ensuring structural stability and resilience.

Industrial Added Value (IAV), which is the difference between revenue and costs related to raw material consumption, changes in inventories of finished goods, and work in progress, is an indicator of the Group's performance. In 2025, IAV reached **€112.8 million**, representing a **10.1% improvement** compared to €102.4 million in 2024.

In 2025, **non-recurring expenses affecting EBITDA** totalled **€3.7 million**, mainly linked to operating costs, including for personnel supporting the start-up of the new pharmaceutical plant (€1.9 million), and provisions for salary adjustments (€1.4 million). Non-recurring expenses were incurred in 2024, with an impact on EBITDA of €2.8 million.

Adjusted EBITDA of the Group's for **2025** was **€38.1 million**, **up 14.9%** compared to €33.2 million in the previous year. **Adjusted EBITDA Margin** improved considerably from 13.6% in 2024 to **15.1% in 2025**.

EBITDA reached **€34.4 million**, **up 13.2%** compared to the previous year, with the **EBITDA margin** improving from 12.5% to **13.7%**. Improving operational efficiency in the three Business Units and implementing continuous improvement programmes boosted profitability and strengthened the Group's overall competitiveness.

As of 31 December 2025, the Group employed **839 people**, continuing its workforce expansion and development strategy (779 in 2024).

***Pietro Oriani said:** "Fine Foods' success relies on its people and continued its focus this year on their professional development. In 2025, 5574 training courses and seminars were held, for all levels, making 31,946 hours of training. These aimed at increasing technical skills and maintaining an adequate level of quality, safety, hygiene and environment updates."*

Adjusted EBIT for 2025 was **€20.1 million**, **showing growth of 15.5%** compared to the previous year (€17.4 million). **EBIT** was **€16.4 million**, **+12.1%** compared to €14.6 million in 2024.

Adjusted Income Before Taxes for the year was **€17.3 million**, marking an **18.3% increase** compared to €14.6 million in 2024. **Income Before Taxes** was **€13.6 million**, with an improvement from €11.8 million in 2024.

The **Adjusted Result for 2025** was **€12.8 million**, **up 25.2%** from €10.2 million in 2024. The Group closed the financial year with a **Net Profit** of **€10.1 million**, **up 23.8%** compared to €8.2 million in the previous year.

Tangible Fixed Assets increased by approximately **€18 million** in 2025, due to net investments of €34,5 million and amortisation, depreciation, and impairment losses for the period of about €16.5 million. During the year, **extraordinary investments totalling €23 million** were made. They mainly related to the expansion of the Brembate pharmaceutical plant.

Intangible fixed assets and rights of use were **€16.3 million** as of 31 December 2025, basically unchanged from the end of the previous year.

Working capital as of 31 December 2025 was **€24.4 million** (€25.2 million as of 31 December 2024), while **Trade Net Working Capital** stood at €35.2 million, compared to €32.9 million as of 31 December 2024 with a **€2.3 million increase**. The change is mainly attributable to the increase in inventories from €31.9 million to €35 million (+€3 million).

Shareholders' Equity as of 31 December 2025 was **€134.2 million** (€132.1 million as of 31 December 2024).

The Group's **Net Financial Position** as of 31 December 2025 was **€47.9 million**, +€12.6 million compared to €35.3 million as of 31 December 2024. **Operations generated a positive cash flow of €39 million before capital expenditure**. This was offset by net investments (€36.4 million) made in the period, dividend payments (€3.4 million), the purchase of treasury shares (€4.6 million), payment of financial expenses (€2.8 million).

BUSINESS OUTLOOK

As highlighted in 2025, the market segments in which the Group operates are expected to grow in the coming years, in Europe and globally. The nutraceutical segment focused on weight-control products is undergoing a transformation, driven by emerging trends in the customisation of food supplements to meet individual needs. This shift is redefining the sector, with its full effects being evaluated.

Meanwhile, the main players in the Health & Beauty sector are increasingly outsourcing, opting for integrated partners to develop and manufacture nutraceutical, pharmaceutical, and cosmetics solutions. This shift supports asset-light business models that emphasise advanced research and brand management.

Fine Foods & Pharmaceuticals N.T.M. S.p.A. aims to strengthen its competitive position by expanding its market share across its three core business units—Nutra, Pharma, and Cosmetics—enhancing their synergies.

The Group's approach will be increasingly customer-oriented, serving as an Invisible Expert. This prioritises an evolved and integrated comprehensive service model over shelf visibility and provides long-term strategic support, formulation innovation and distinctive expertise along the value chain in the Health & Beauty sectors. This approach turns complex issues into practical solutions, predicts trends, and creates unique, safe, high-performing products.

The Group keeps monitoring opportunities for external growth to enhance diversification in pharmaceutical forms and packing solutions.

The **Nutra BU** will keep focusing on quality, innovation and development of high value-added services to support customers. Following the contraction observed in 2025, modest growth is anticipated for the 2026 financial year. The first quarter is projected to experience a continued decline, with a gradual recovery expected over the rest of the year, consistent with the market dynamics. The expansion plan remains on track. It will increase production capacity and develop new forms and technologies to enhance the product range and sustain medium- to long- term growth.

The fast-growing **Pharma Business Unit** will remain focused on managing the significant increase in volumes, supported by multi-year agreements with major international customers and improvements to production processes at its facilities. Brembate's expanded plant has begun production after securing approval, with initial revenue expected in 2026.

Following a phase of integration, reorganisation, and optimisation, supported by targeted investments, a new cosmetics development laboratory and strengthened management, the **Cosmetics BU** continues to deliver positive results. Fine Cosmetics is projected towards a future of innovation and strategic partnerships in the international Beauty and Personal Care industry. Its contribution to the Group's development and growth is expected to strengthen in 2026.

Due to the nature of the business, Fine Foods Group's revenue may fluctuate each quarter and may not be comparable year-over-year. However, the order book, established multi-year contracts, and development pipeline indicate stable profit historical growth trends, supported by a strong and reliable organisation.

The Group, which obtained its EcoVadis Platinum rating for the third consecutive year in 2024, remains committed to sustainability, supported by enhancements to its organisational structure, strengthening its role as a reference partner for its customers, and providing solutions that are increasingly aligned with the growing ESG market expectations.

REPORT ON CORPORATE GOVERNANCE AND OWNERSHIP STRUCTURE AND CONSOLIDATED SUSTAINABILITY REPORT

The Board of Directors approved the Report on Corporate Governance and Ownership Structure under Article 123-bis of the TUF (Consolidated Law on Financial Intermediation), and the consolidated Sustainability Report which implemented the relevant EU regulations under Legislative Decree no. 125/2024.

PROPOSED DIVIDEND DISTRIBUTION

For the next Shareholders' Meeting, convened on 15 April 2026, on a single call, the Board of Directors proposes the distribution of **a dividend of €0.16**, gross of withholding taxes, for each ordinary share (net of treasury shares) outstanding at the record date.

The total dividend will be a maximum of €3.8 million. The dividend will be paid by withdrawing the relevant sum from the distributable portion of the extraordinary reserve.

Under the "Regulation of Markets organised and managed by Borsa Italiana S.p.A." and as announced, the dividend will be paid in a single instalment, with ex-dividend date on 20 April 2026, record date on 21 April 2026 and payment on 22 April 2026.

REVOCATION AND GRANTING OF NEW AUTHORISATION TO BUYBACK AND DISPOSE OF TREASURY SHARES

The Board of Directors resolved to submit to the next Shareholders' Meeting the granting of a new authorisation to purchase and dispose of treasury shares, subject to revocation of the previous 17 April 2025 resolution.

SHAREHOLDERS' MEETING CONVOCATION

The Board of Directors resolved to call the Shareholders' Meeting, according to the financial calendar, for 15 April 2026 on a single call, with the following Agenda:

- 1.** 31 December 2025 Financial Statements; related and consequent resolutions:
 - 1.1 Approval of the 31 December 2025 Company Financial Statements and the Board of Directors' Report on Operations; Acknowledgement of the Board of Statutory Auditors and Auditing Company Reports.
