Zola Predosa (Bologna), 27 March 2026 – The Board of Directors of **Rekeep S.p.A.** (“**Rekeep**”), parent company of the leading Italian group operating in the Integrated Facility Management sector, met today under the chairmanship of Claudio Levorato and examined and approved the Draft **Separate and Consolidated Financial Statements at 31 December 2025**.

“In another challenging year, we have focused on strengthening our competitive position. The positive resolution of the shareholders' dispute within our parent company and the refinancing of the Group's main financial indebtedness represented essential enablers for consolidating and resuming the Group's growth and sustainability trajectory over the next two years,” stated Claudio Levorato, Chairman of Rekeep S.p.A. “2025 therefore marked a year of progressive organizational strengthening for Rekeep, and as we look to 2026, we will continue to pursue the commercial actions undertaken, paying particular attention to working capital. The volume of tenders submitted and pending award, as well as the visibility ensured by a solid and well diversified order backlog, allow us to look to the medium-term development of our Group with concrete confidence.”

Foreword

*It should be noted that the 2024 Revenues, EBITDA and EBIT benefited from the positive impact of the out-of-court settlement reached by the subsidiary Rekeep Saudi CO Ltd with former client OPS LCC, bringing final closure to disputes related to the facility management services contract for the Riyadh metro. In particular, the agreement provided the subsidiary with a compensation of €29

million and included the withdrawal of the international arbitration procedure involving both the subsidiary Rekeep Saudi and the parent company Rekeep.

Main events as of 31 December 2025

On 27 November 2025, Rekeep announced that, with reference to the dispute arising solely from conflicting interests between the parent company MSC Società di Partecipazione tra Lavoratori S.p.A. and certain of its minority shareholders, the Bologna Court, by decree of rejection No. 247/2025 dated November 24, 2025, has definitively dismissed the petition under Article 2409 of the Italian Civil Code filed by certain MSC minority shareholders in February 2024. The petition alleged

serious irregularities in the conduct of MSC's Board of Directors, Board of Statutory Auditors and, in particular, its then Chairman, Claudio Levorato. Following an extensive and detailed investigation phase, the Court confirmed the full legitimacy and correctness of the actions of MSC's governing and supervisory bodies and of its subsidiary Rekeep, which were found to have consistently acted in full compliance with the law, as well as in complete regularity and in the interests of their shareholders and all stakeholders.
