PRESS RELEASE

Circle Group: signed new contract for the activation of an integrated digital infrastructure worth approximately €260,000

Strengthened the Group's presence in the development of innovative solutions for the digitalization and certification of logistics flows

Milan, May 21, 2026

Circle S.p.A. ("*CIRCLE*" or the "*Company*") - an Innovative SME listed on the **Euronext Growth Milan market**, heading the Group specialized in the process analysis and the development of solutions for the digitalisation of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces the signing, through its subsidiary **eXyond**, of a new contract with a leading Italian intermodal logistics operator, with a total value of approximately **Euro 260,000** and a duration of 10 months, concerning the activation of an **advanced digital infrastructure for operational management, certification and traceability of logistics flows**.

The initiative involves the implementation of the proprietary platforms **KMASTER®** and **MILOS®** and includes the technological enablement of the fleet, integration with the client's existing corporate systems, the activation of the **Mission Control** operational solution, as well as the software configurations required for the operational launch of the project.

The contract also includes the activation of advanced services for data c**ertification at source**, digital management of document flows in compliance with **European eFTI datasets**, and integration through **interoperable APIs** with the client's management and logistics systems.

The infrastructure will accelerate the digitalization path of logistics processes, improving operational efficiency, traceability, security and interoperability across the entire transport chain, in line with the latest European guidelines on digital transition and sustainability.

In this context, Circle Group will provide its **system integration expertise**, coordinating the configuration, integration and delivery activities of the entire suite, with the aim of ensuring full operational capability of the infrastructure and the scalability of services over time. The transaction is also part of the strategic roadmap outlined in the "*Connect 4 Agile Growth*" plan, aimed at strengthening Circle Group's positioning as an enabler of digitalization and sustainability for logistics and industrial supply chains, through the development of

interoperable platforms, innovative services and high value-added technological solutions.

"*This transaction confirms the growing market focus on integrated digital solutions capable of supporting the transformation of logistics and document management processes. The project represents a further step in consolidating our positioning as a leading technology partner for sustainable supply chain innovation*", stated **Luca Abatello**, **CEO of Circle Group**.

The new contract further strengthens Circle Group's positioning in the logistics process digitalization and data interoperability market, confirming the Group's ability to develop innovative solutions supporting the digital and energy transition of the transport and logistics sector.
