

SOMEC: MESTIERI SECURES NEW CONTRACTS WORTH 18.5 MILLION EURO ACROSS USA, THE MIDDLE EAST AND EUROPE

Chairman Marchetto commented: *“The Italian excellence in craftsmanship embodied by Mestieri - rooted in its people, time-honoured techniques, and heritage - has today become the benchmark for the most prestigious international projects.”*

San Vendemiano (Treviso), June 17, 2026 – Somec S.p.A. (Euronext Milan: SOM), specialising in the engineering, manufacturing, and installation of complex turnkey projects for the civil and naval sectors, announces that its Mestieri: Design and Production of Bespoke Interiors business unit has secured a portfolio of new contracts with a total value of 18.5 million Euro.

Secured through the concerted efforts of the Group’s subsidiaries - Mestieri, Budri, Ceolin, Lamparredo, Skillmax, and TSI - the orders comprise highly specialised supplies and craftsmanship across the residential, hospitality, retail, and museum sectors, with projects spanning Saudi Arabia, the United Arab Emirates, the United States, Canada, and Europe.

The solutions range from bespoke civil and naval interiors to premium material surfaces, and from high-end fixtures to iconic façades, spanning sculptural staircases and noble metal structural elements - a collective showcase reflecting the breadth of the business unit’s technical expertise and artisanal craftsmanship.

The completion of a façade for a leading international luxury maison’s boutique in Saudi Arabia is one of the major works to be carried out. A contract for a prestigious retail project currently underway in California for an iconic international luxury brand is also worth noting. The portfolio also includes contracts for private villas in Florida and a hotel in Dubai.

Overall, the financial impact is expected to materialise between the second half of 2026 and the first quarter of 2027.

Oscar Marchetto, Chairman of Somec, commented: *“The Italian excellence in craftsmanship embodied by Mestieri - rooted in its people, time-honoured techniques, and heritage - has today become the benchmark for the most prestigious international projects. Contracts of this calibre capture our true identity: an organisation that seamlessly blends world-class expertise with the capacity to manage complex, large-scale international projects, catering to the world’s most discerning brands and clients. Every single work within this highly diverse yet exclusive portfolio of contracts is unique, with each presenting a distinct operational challenge. It is precisely within this remit that Mestieri and its subsidiaries find their raison d’être.”*

///

Somec

Somec Group is a leading specialist in the engineering, design, and deployment of complex turnkey projects across the civil and naval sectors, operating through three business units: Horizons – Engineered Systems of Naval Architecture and Civil Façades; Talenta – Professional Kitchen Systems and Products; Mestieri – Design and Production of Bespoke Interiors.

The Group’s companies operate in an integrated and synergistic way, according to strict quality and safety standards and guaranteeing a high degree of customization and specific know-how on the processing of different materials, which is a fundamental requirement in high value-added projects.

In over 40 years of history and by relying on rigorous certification and accreditation processes, Somec has achieved a reputation for quality and operational and financial reliability on a global scale.

Headquartered in San Vendemiano, Treviso, the Group is present in 12 countries and 3 continents, employing over 1,000 people and with revenues of 370 million Euro in 2025.
