Press Release

CY4GATE GROUP HAS SECURED A NEW ORDER WORTH APPROXIMATELY € 9.5 MILLION IN THE FIELD OF DECISION INTELLIGENCE FOR THE EUROPEAN INSTITUTIONAL MARKET

Rome, November 10, 2026 – **CY4GATE S.p.A. (CY4.MI)**, a national and European cybersecurity and cyber intelligence player, announces that it has been awarded a new contract with a total value of **approximately € 9.5 million**. The contract covers the supply of software solutions and licences in the field of Decision Intelligence and is intended for the European institutional market. The contract will contribute only partially to revenues for the 2026 financial year.

With this award, the Group further strengthens its positioning in its key European markets and confirms its ability to meet the increasingly sophisticated requirements of institutional clients. The contract leverages the technological expertise and capabilities of the Group's subsidiaries and further consolidates CY4GATE's international presence in markets offering significant growth opportunities. This contract further reinforces the Group's strategic growth trajectory, underpinned by technological excellence and the continuous evolution of its product portfolio, with the aim of supporting clients in addressing their most complex decision-making challenges.

About Cy4Gate Group

Founded in 2014, the company was established to address the growing demand for unconventional cybersecurity solutions. CY4Gate S.p.A., listed on the Euronext Growth Milan market in June 2020, was admitted to the STAR segment of Euronext Milan in June 2023.

CY4Gate S.p.A. was created to design, develop, and deliver technologies, products, systems, and services capable of meeting the most demanding and advanced Cyber Intelligence and Cyber Security requirements of law enforcement agencies, armed forces, government institutions, and enterprises, both in Italy and internationally.

As a unique Italian industrial initiative, CY4Gate S.p.A. operates across the entire cybersecurity spectrum, offering proprietary solutions that address both intelligence gathering and analysis, as well as cybersecurity needs. Its portfolio includes CY4GARD, Hybrid Cyber Range, and the XTN Cognitive Security Platform for cybersecurity, and QUIPO for Cyber Intelligence.
